**Subject:** Unregulated Route Contracts (59, 25U, 55 and 53)

Hi Al I thought I better give you a quick status update on the new unregulated route contracts (starting April 1, 2012):

Out of Scope,  
different route

S. 13, S. 17

Routes 25U (Alert Bay) and 55 (Lasqueti) - On Friday I received confirmation from Western Pacific Marine (WPM) that they are OK to sign the latest version of the contracts that I sent them for review a few weeks ago.

S. 13, S. 17

I will be looking to have Mike Corrigan sign both contracts (25U and 55) early this upcoming week; then the contracts will be sent to WPM for execution.

Out of  
Scope,  
different  
route

Note that all of these contracts have clauses such that they are subject to confirmation of sufficient funding from the Province - we are still awaiting this confirmation of funding.

I left a voicemail with Shirley on Friday - for your FY2011/12 budgeting purposes, the new contract values are the same as the most recent draft contracts that I sent Shirley the other week.

If anyone has any questions, please give me a call.

Regards,  
Scott.

Hi Al and Leo,

Below is a WebEx link and associated login information for this afternoon's meeting (Leo, I know you are unlikely to attend) Logging into WebEx will allow those calling into the meeting to see what we have up on the screen in the meeting room.

Please note that we have access to the meeting room at the Atrium starting at right at 14:30 - it may be a few minutes before we can get the WebEx session up and running and also get logged into the conference call.

Regards,

Scott
